STUNNING SURROUNDINGS AT SEA

WE DESIGN, BUILD, AND SERVE

STUNNING SURROUNDINGS AT SEA

“

Eat well, sleep well, relax and enjoy! Our purpose is to create stunning surroundings at sea that make passengers, crew, and workers long back the second they leave.

As a full turnkey provider, we offer all catering and interior living areas and lifecycle service solutions to owners and shipyards in the marine and offshore industries worldwide. We take pride in managing large-scale turnkey projects while *making it look easy*.

Our customers can lean back and leave the hassle to us. We offer total lifecycle support of the complete product line for newbuilding, modernization, refurbishment, maintenance, equipment, and spare parts within each customer segment.

BUSINESS

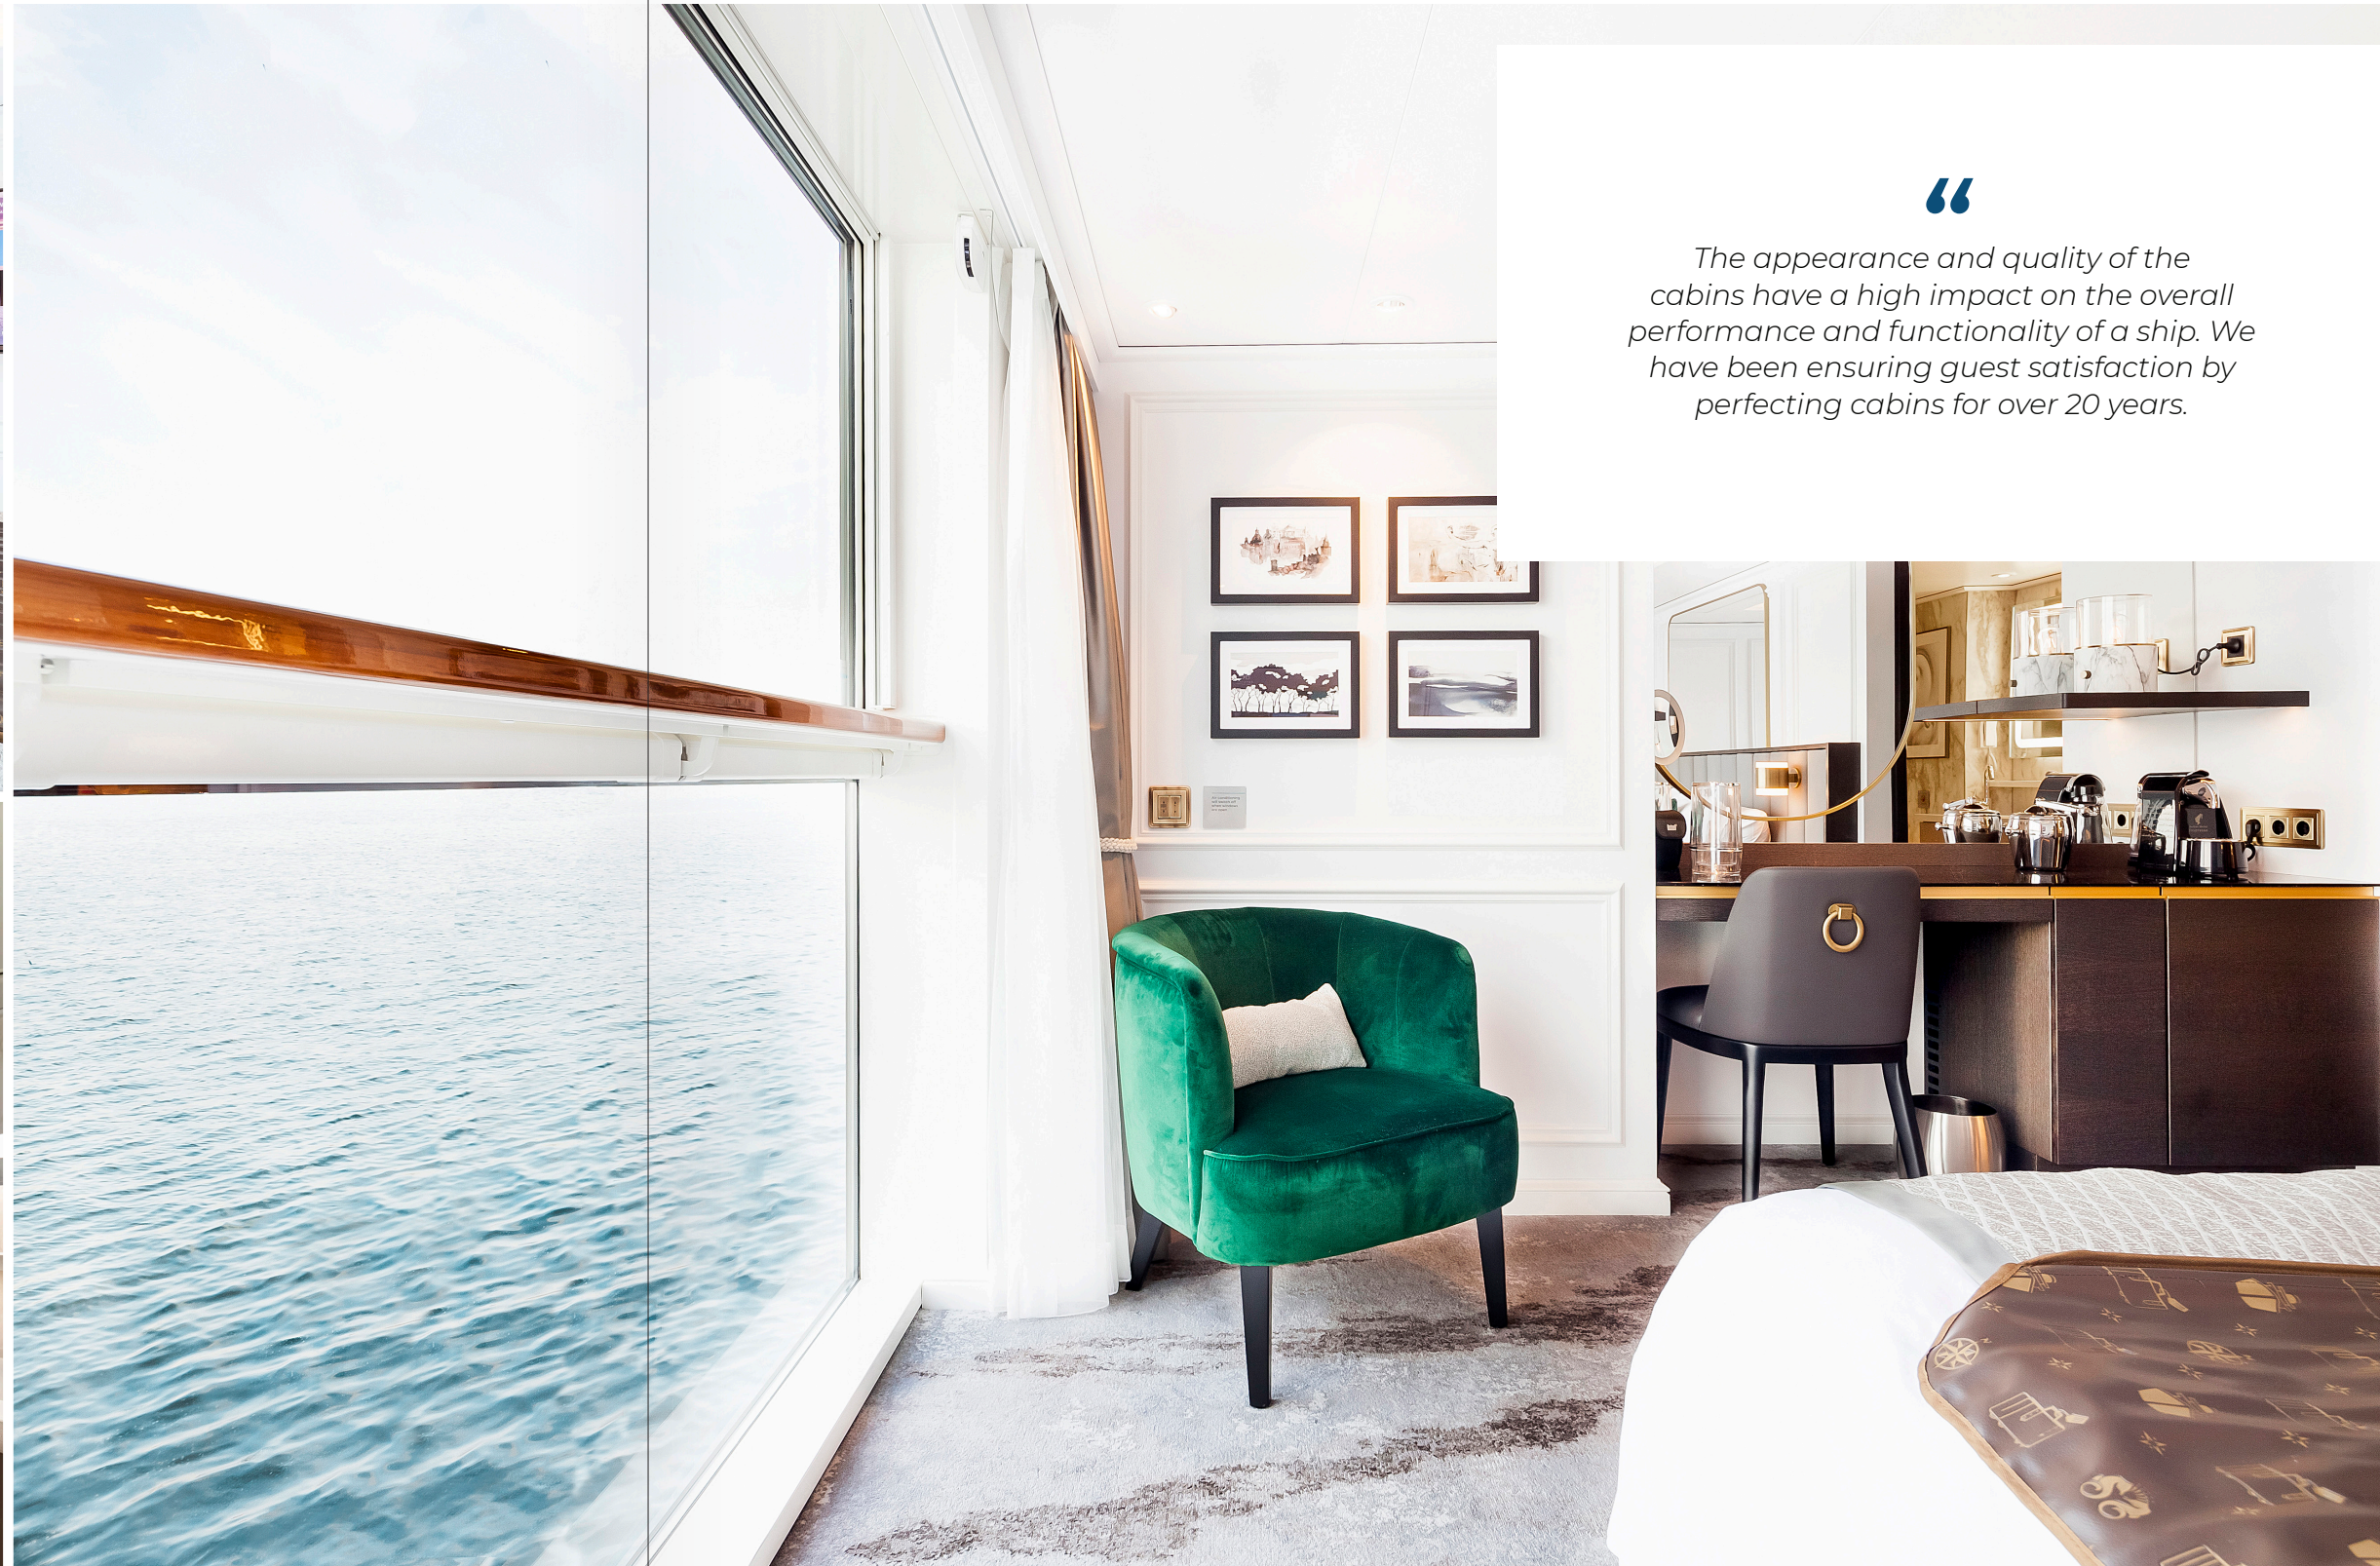

SHIP TYPES WE SERVE
THROUGHOUT THE WHOLE LIFECYCLE

CRUISE
OFFSHORE
EXPEDITION & MEGAYACHTS
ROPAX FERRIES
RIVER CRUISE
NAVY

We specialize in everything from large cruise ships and offshore platforms to smaller vessels like ferries, river cruises, megayachts, naval vessels, and offshore vessels. Despite many similarities, these different segments all have a slightly different focus and set of preferences.

By working closely with each segment, we have learned how to serve our customers according to their values and requirements. We can bring the best from each segment and utilize it for value engineering in other segments. Luxury items bought in big volumes become affordable. Deep knowledge about strict offshore regulations ensures that also our commercial vessel deliveries comply with the strictest requirements.

LUXURY CABINS
DESIGNED TO REACH TOP STANDARD

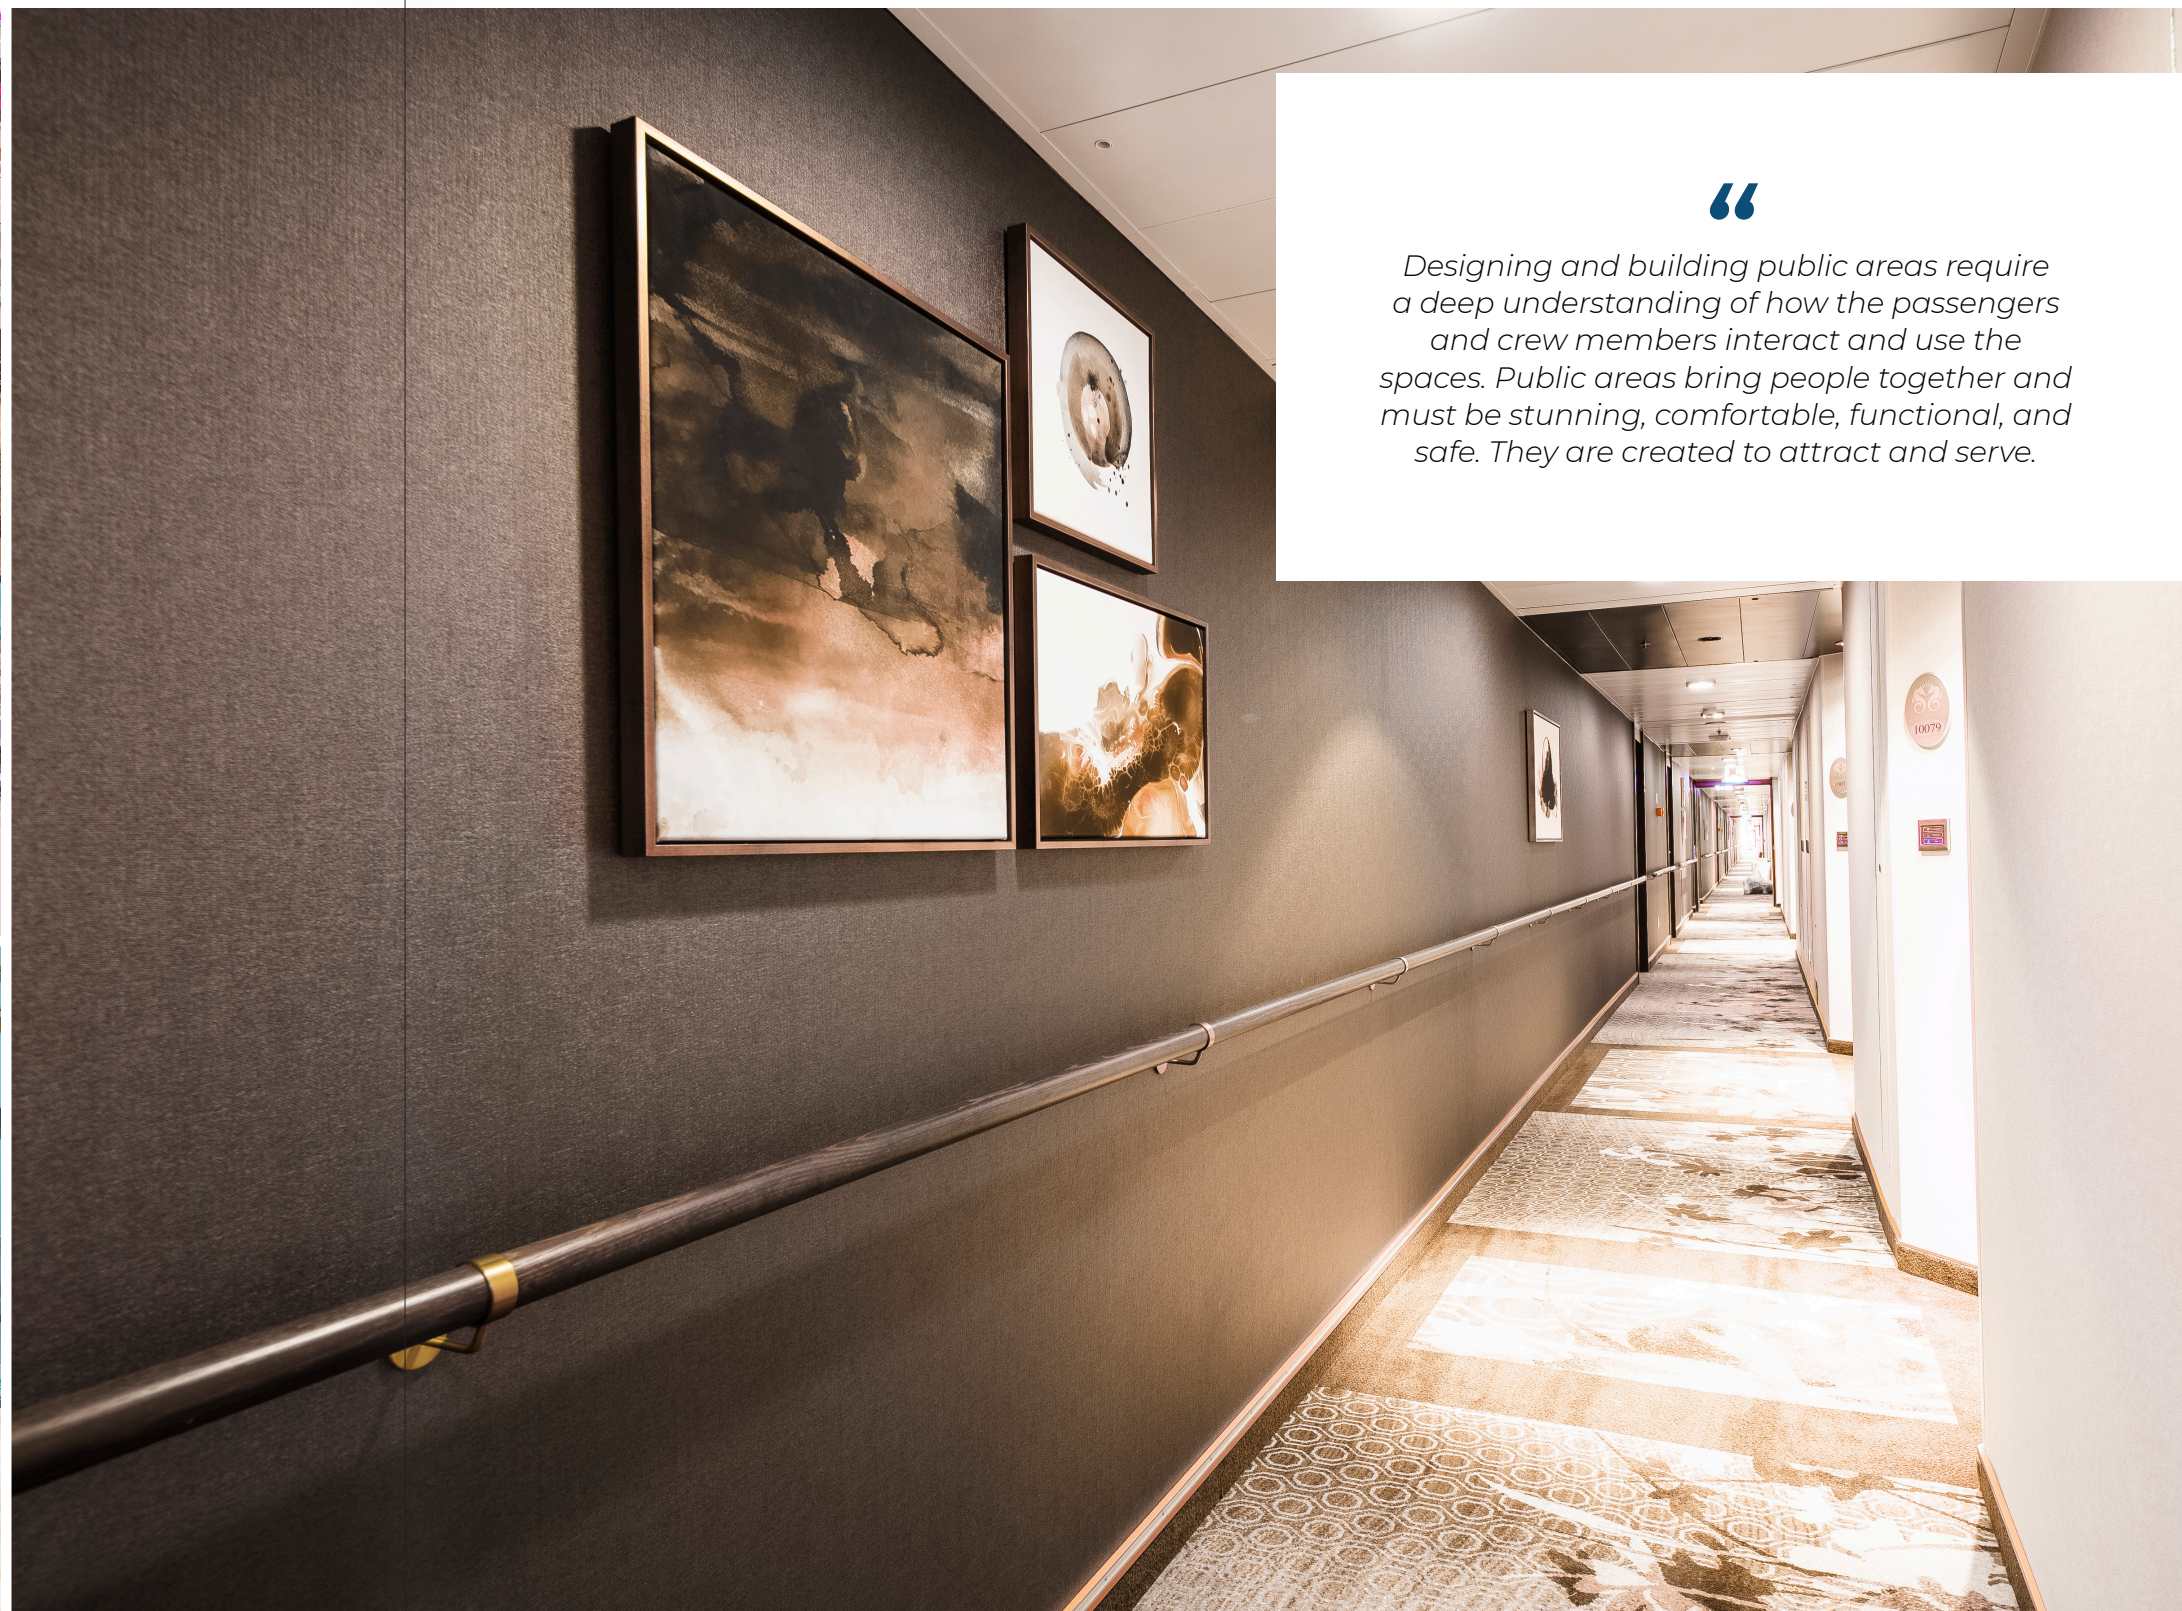

“

The appearance and quality of the cabins have a high impact on the overall performance and functionality of a ship. We have been ensuring guest satisfaction by perfecting cabins for over 20 years.

PUBLIC AREAS

CREATED TO ATTRACT AND SERVE

“

Designing and building public areas require a deep understanding of how the passengers and crew members interact and use the spaces. Public areas bring people together and must be stunning, comfortable, functional, and safe. They are created to attract and serve.

GALLEYS, BARS & PANTRIES

FUNCTIONAL AND FULLY USPHS COMPLIANT

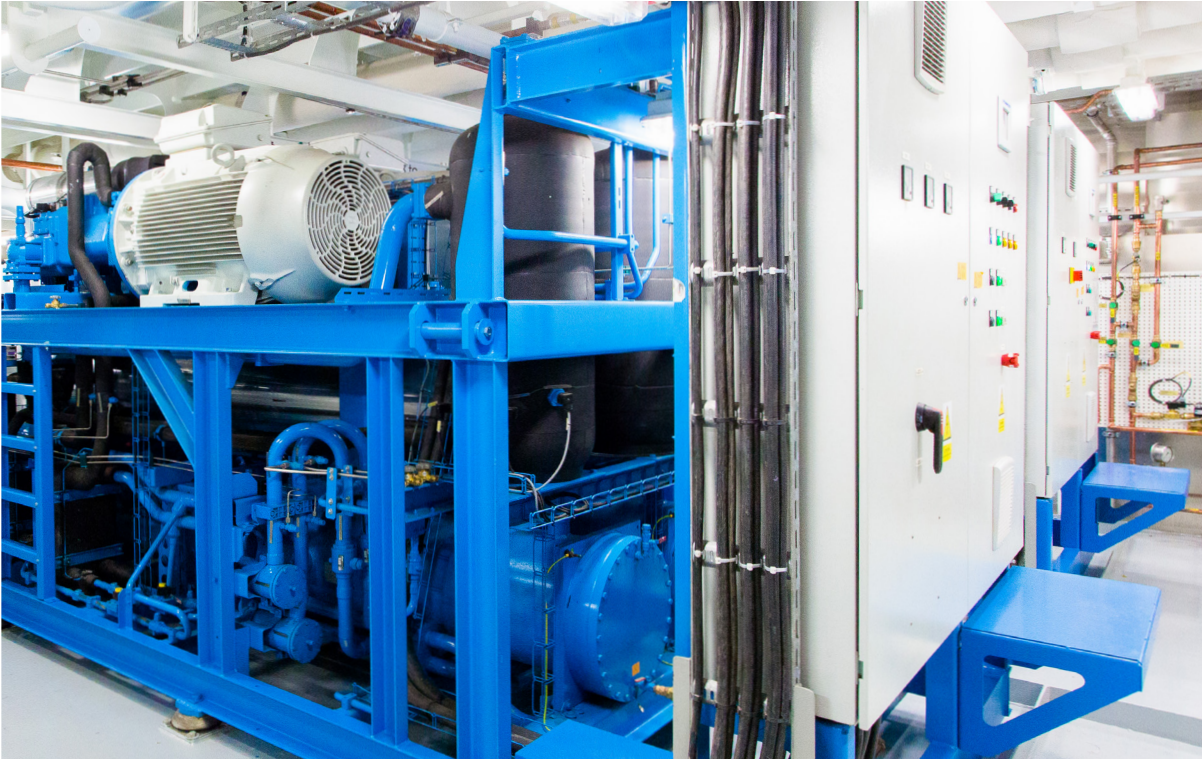

“

All our galleys, bars, and pantries stand for high hygiene, safety, and quality with excellent workflow and functionality. We are experts in creating USPHS compliant catering areas that meet the toughest standards in a cost-efficient way.

PROVISION STORES & REFRIGERATION MACHINERY
EFFICIENCY & GUARANTEED TEMPERATURE

“

We design and build functional provision stores with excellent performance and optimal space layout. Our technical team has decades of experience in planning provision stores and refrigeration machinery systems that are famous on the market.

LAUNDRY SOLUTIONS

AUTOMATION AND OPTIMIZATION TO HANDLE VOLUMES

“

We take care of the entire laundry design and construction process from the beginning to the end. We start by providing workload calculations, layout suggestions, and optimization of workflow, washing capacities, and consumption. Then comes the development of detail design and finally full turnkey delivery of the complete laundry solution with global lifecycle support.

LIVING QUARTERS & PREFABRICATED SUPERSTRUCTURES

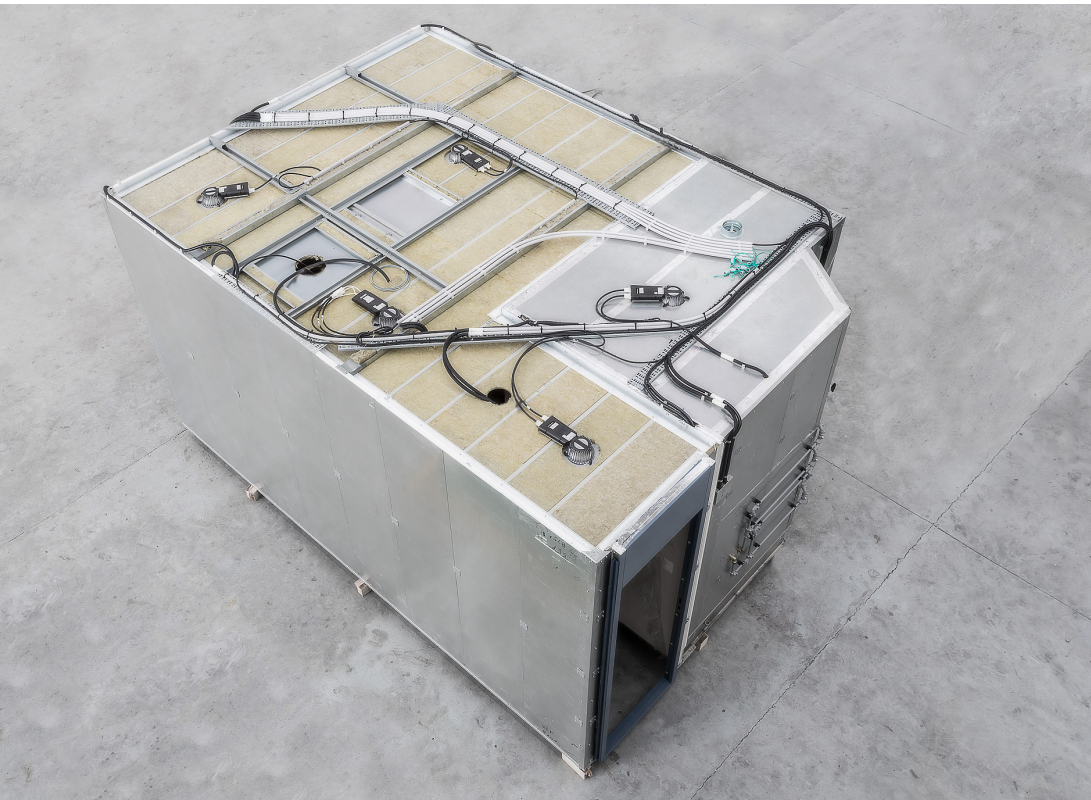

ENSURING QUALITY AND ON-TIME DELIVERY

“

ALMACO can deliver fully outfitted superstructures and living quarters to be integrated into a vessel anywhere in the world. This flexible construction method most often means cost efficiency for the yard and reliable, on-schedule project execution for the owner.

MOBILE CABIN FACTORY
MODULAR CABINS COST-EFFICIENTLY IN ANY LOCATION

“
No matter the location, our mobile cabin factory can do the job. It lowers the risk of delays and helps owners and shipyards take advantage of modular cabin technology without the need for major investments.

COMPLETE LIFECYCLE SUPPORT
WHEREVER YOUR SHIP IS LOCATED

NEWBUILD

Our expertise in complete turnkey delivery means we provide everything from project planning and design to construction and delivery. Our newbuild teams are specialized in design and engineering, concept design, project planning, and project management. We also have in-house capabilities in structural, electrical, and HVAC/refrigeration systems.

EQUIPMENT & SPARE PARTS

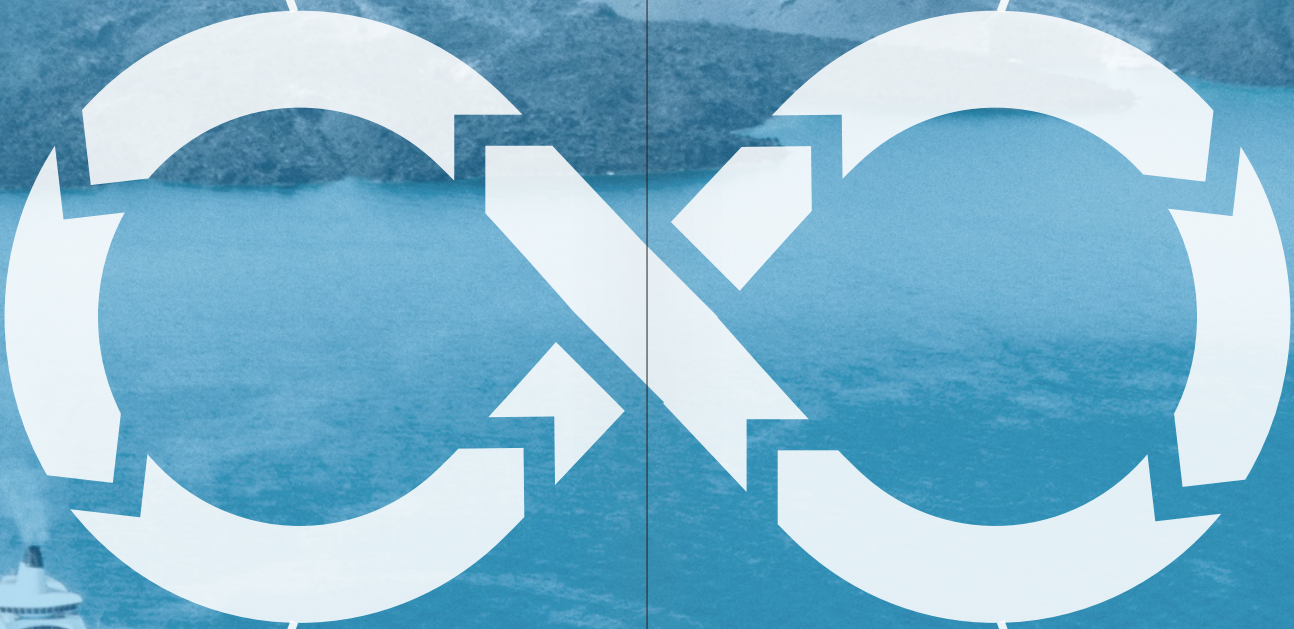

We buy equipment and spare parts in volumes and use favorable multi-brand agreements negotiated both during the vessels' newbuilding phase and during the rest of the lifecycle. This makes the products affordable for our customers in all the different segments that we work in. Still, our customers make the biggest savings in the total cost of ownership through consolidation, automatization, and by combining supply with maintenance as a customer-specific, full-service package.

REFURBISHMENT & MODERNIZATION

No matter how large or small, we can help with the entire modernization process, starting from the design and planning phase to reducing the amount of in-house personnel or 3rd party designers and consultants the shipowner needs. We offer both a larger portfolio of areas and delivery scopes than anyone else in the business.

SERVICE AND MAINTENANCE

We provide our customers with customized turnkey maintenance plans, installation, and equipment service as well as consultation and training services. We create customized maintenance plans that minimize our customers' total cost of equipment ownership.
